# UKPHR and AVR

Accredited Voluntary Register is a quality assured standard awarded by Professional Standards Authority

UKPHR achieved the standard in April 2014

It was a tough process

Annual renewal has to be sought and justified

# UKPHR and CPD

Continuing Professional Development is a professional and ethical requirement

UKPHR requires Specialist registrants to meet the Faculty's CPD standard (50 credits a year) or equivalent

UKPHR has now introduced a CPD standard for Practitioner registrants (75 hours over 5 years)

# UKPHR and Revalidation

UKPHR/FPH scheme to revalidate  
Specialist registrants

Until implemented, UKPHR will continue  
to require 5-yearly re-registration -  
*appraisal, personal development planning  
and participation in approved CPD system*

Revalidation will extend to Practitioner  
registrants
