

UKPHR Annual Conference 2015: Building Value in Practitioner Registration

Objectives:

- ✓ Celebration of practitioners attaining professional registration in Public Health Practice
- ✓ Recognition of their role as custodians of the Standards as Assessors/Verifiers/Mentors and recognition of the contribution they have made to the schemes
- ✓ To explore how to improve support provided to assessors, verifiers and mentors to assist their role and reduce attrition rates
- ✓ Identify the value placed on registration by employers and the wider public health community and how this can be increased
- ✓ Provide a forum for CPD and networking
- ✓ Share best practice when commencing and implementing a devolved practitioner registration scheme
