

Press Release, 13 February 2012

Appointment of Chair Designate

Summary

The UK Public Health Register is delighted to announce the appointment of Professor Bryan Stoten as Chair designate. Bryan will replace Peter Farley who will step down at the end of his current tenure.

Professor Stoten has previously been the Chair of seven different healthcare organisations spanning 21 years and current is a visiting Professor of Health Care Policy at Coventry University. Bryan is a Fellow of the Faculty of Public Health and a Companion of the Institute of Healthcare Management

Professor Stoten

“I am very pleased to be appointed to the Chair of the UKPHR. The Register has achieved a huge amount since it started in 2003. This is a period of great uncertainty and opportunity. With the opening of the Register to the wider body of public health practitioners I believe UKPHR will strengthen the capacity we have to deliver on the Public Health goals of the Secretary of State and his colleagues across the UK”

Lilian Somerville, vice Chair of the UKPHR

“We had a number of very strong applicants for the position and are delighted that Bryan has agreed to join us. The Directors would like to thank Peter for his contribution to the Register over the past three years and wish him well for the future.”
